— THE HEADLINE FEATURE —

Your 24×7 *WhatsApp Salesperson*

An AI agent that talks to your customers on your own WhatsApp Business number — answering questions, sharing photos and prices, and never sleeping.

SCREENSHOT

WhatsApp Chat with Customer

Place a real WhatsApp conversation — customer asking for a necklace, the AI replying with a photo & price

- ✓ **Answers customers instantly, day or night**
Never miss an enquiry again — replies even at 2am, on festivals, or when you're busy at the counter.
- ✓ **Search by voice or photo**
Customers can send a voice note or a picture of a design and the AI finds matching pieces from your catalogue.
- ✓ **Shares live prices & photos**
Sends your real product images and today's price — calculated on the live gold rate for dynamic items.
- ✓ **Answers FAQs in your words**
Store timings, buyback, hallmarking, making charges — answered from the FAQs you set.
- ✓ **Shows the right pieces to the right tier**
Exclusive VVIP designs stay reserved for your top customers, automatically.
- ✓ **Your number, your brand**
Runs on your official WhatsApp Business number — customers chat with your store, not a third party.

— YOUR CUSTOMERS SEE THIS —

Your Online Showroom — *In Minutes*

A beautiful page showcasing your entire collection — live in minutes, no website or developer needed — where customers browse arrivals and chat with your AI assistant.

Storefront Home & Latest Arrivals

Place captures from swarnixai.in/store/swarnix-jewellers — (1) the home/landing screen, (2) the Latest Arrivals grid

★ HOME SCREEN

- ✓ **Your brand, front & centre**
Your store name, logo & hero imagery.
- ✓ **Elegant, mobile-first design**
Looks premium on every phone.
- ✓ **Live the day you sign up**
No web designer needed.

★ LATEST ARRIVALS

- ✓ **Newest pieces first**
Fresh designs greet every visitor.
- ✓ **Always in sync**
Add in Inventory, it shows here at once.
- ✓ **Photos, prices & detail**
Each piece shown beautifully.

Built-in AI Chatbot on your website

Shoppers can ask questions right on your storefront — the AI assistant answers about pieces, prices and your store, helping them buy without ever leaving the page.

— TRY BEFORE YOU BUY —

Selfie Try-On

Customers see jewellery on themselves before they buy — with just a selfie. Available both on your website and right inside WhatsApp.

SCREENSHOT · LANDSCAPE

Selfie Try-On

Capture the Virtual Try-On flow — selfie upload + the generated "wearing it" result

- ✓ **Try it on with a selfie**
Customers see the piece on themselves before they decide to buy.
- ✓ **Works on WhatsApp too**
The same try-on can be generated right inside a WhatsApp chat with your AI agent — not just on the website.
- ✓ **Buy with confidence**
Seeing it worn — not just photographed on a model — drives the sale.
- ✓ **You set who gets it**
All customers, or reserve it for VIP & VVIP only — your choice.
- ✓ **Styled for the occasion**
Customers can pick a look — wedding, festive, party or everyday — for a more realistic try-on.

The App — Welcome & *Login*

01

Your owner & staff dashboard — the Swarnix app you manage everything from. A secure front door: no passwords to remember for the owner, controlled access for the team.

SCREENSHOT

App Login Screen

Place a full-screen capture of the Owner / Staff login here

★ WHAT THIS SCREEN DOES

- ✓ **One-tap Owner login with Google**
No password to set or forget — sign in safely with the Google account you already use.
- ✓ **Separate Staff login**
Your team signs in with a username and password you create for them — kept apart from your owner account.
- ✓ **Bank-grade security**
Built on Google authentication; your store data stays private and protected at all times.
- ✓ **Works on any device**
Open it on your phone, tablet, or computer — the experience adapts beautifully to each.
- ✓ **Auto sign-out for safety**
Idle sessions log out on their own, so a shared shop device never stays open to the wrong eyes.

Dashboard

Capture the full dashboard — hero greeting, KPI cards, charts & metal rates

- ✓ **Key numbers up front**
Total pieces, in-stock vs sold-out, customers, WhatsApp chats and total catalogue value — all in one view.
- ✓ **Today's gold & silver rates**
The live metal rate card keeps you and your dynamic pricing in sync with the market.
- ✓ **Visual inventory charts**
Category breakdown and stock-status charts show what you have — and what's running low — at a glance.
- ✓ **Smart alerts**
Friendly nudges when stock is low, credits are near the limit, or your plan is about to expire.
- ✓ **One-tap quick actions**
Jump straight to adding a product, managing customers, or viewing analytics.

Your Full *Catalogue*

03

Every piece you sell, organised in beautiful cards you can search, filter and update in seconds — the same catalogue your WhatsApp AI sells from.

SCREENSHOT · LANDSCAPE

Inventory Grid

Capture the inventory page — product cards with photos, prices & in-stock badges

- ✓ **Beautiful product cards**
Each piece shown with photo, code, category, price and stock status — easy to scan at a glance.
- ✓ **Search & filter instantly**
Find any item by code, name or category in moments, even with thousands of pieces.
- ✓ **Add, edit & restock in a tap**
Update price, mark sold-out, or edit details directly — changes reflect everywhere instantly.
- ✓ **Bulk import to get started fast**
Already have a list? Import many products at once instead of typing them in one by one.
- ✓ **Safe by design**
Deleting hides an item but keeps your history; staff with view-only access can't change anything.

Add a Piece — *Priced to the Gram*

04

List a new piece with photos, weight, stones and pricing — then offer it in multiple carats and colours, all under one listing.

SCREENSHOT · 2 CAPTURES

Add/Edit Product — Dynamic Pricing & Variants

Place two captures side by side: (1) the Dynamic Pricing calculator, (2) the Variants section

- ✓ Fixed or Dynamic pricing**
 Type a set price, or switch to ⚡ Dynamic and let the price auto-update daily with the live gold/silver rate.
- ✓ Priced the way jewellers price**
 Metal × purity × weight, plus making charges, stones, hallmark & GST — calculated correctly, every time.
- ✓ Up to 5 photos per piece**
 Upload from your gallery or shoot with the camera; the first photo powers WhatsApp photo-search.
- ✓ One design, many variants**
 Same ring in 18K Yellow, Rose & White Gold — each with its own photos and price, under one listing.
- ✓ Full jewellery detail**
 Category, purity, diamond & stone details, sizes, hallmark HUID and certificates — all captured.
- ✓ Choose who can see it**
 Set each piece to All Customers, VVIP-only, or VVIP & VIP — perfect for exclusive collections.

Model Shoots, *Without the Shoot*

05

Generate a realistic photo of a model wearing your piece — straight from a plain product photo, in under a minute. No studio, no models, no budget.

SCREENSHOT · LANDSCAPE

AI Model Try-On Panel

Capture the AI Model panel — uploaded jewellery photo + generated model result side by side

- ✓ **Plain photo in, model photo out**
Drop a clear jewellery photo and tap Generate — get a polished model wearing your piece in 30–60 seconds.
- ✓ **Knows the jewellery type**
Ring, necklace, earrings — it places the piece correctly based on your product's category.
- ✓ **Don't like it? Regenerate**
Try as many times as you like and keep the version you love.
- ✓ **Add straight to the product**
One tap drops the model photo into your product gallery — ready for WhatsApp and your website.
- ✓ **Share anywhere**
Send it to WhatsApp, Instagram or email right from the screen to promote the piece.

Know Every *Customer*

06

Your customer book, organised — with tiers that let you treat your most valued clients like royalty.

SCREENSHOT · LANDSCAPE

Customers (CRM)

Capture the customer list with tier badges (Regular / VIP / VVIP)

One tidy customer book

Name, WhatsApp number, city, email and private notes — every client in one searchable place.

Regular, VIP & VVIP tiers

Tag your best clients and reserve exclusive pieces and try-on perks just for them.

Notes that remember for you

Anniversaries, preferred designs, sizes — jot it down and never forget a personal touch.

Search in a second

Find anyone by name or number instantly, no matter how long your list grows.

Powers your WhatsApp AI

Tiers decide which pieces each customer sees when they chat with your AI agent.

See What *Sells*

07

Clear charts of your inventory and customers — plus AI-written summaries of what your customers have been asking about on WhatsApp.

SCREENSHOT · LANDSCAPE

Analytics & Chat Summaries

Capture the analytics charts + an AI conversation summary card

- ✓ **Inventory insights**
See your pieces by category, material, purity, price range and stock status — know your mix instantly.
- ✓ **Usage this month**
Track WhatsApp credits, products, AI model photos and try-ons against your plan — no surprises.
- ✓ **AI chat summaries**
A plain-English wrap-up of what customers asked for — spot demand and trending designs.
- ✓ **Read full conversations**
Expand any customer's WhatsApp thread to see exactly what they discussed.
- ✓ **Customer & usage trends**
Tier mix, top categories and 6-month credit trends help you plan stock and promotions.

Offers & *Broadcasts*

08

Post seasonal offers and send WhatsApp broadcasts to the right customers — fill your shop on festivals and quiet days alike.

SCREENSHOT · 2 CAPTURES

Offers & Marketing Messages

Place two captures: (1) the Offers page with an offer card, (2) the Marketing broadcast composer

- ✓ **Post festival & seasonal offers**
Add an image or video, a catchy title, details and a valid-till date — promote your latest deals.
- ✓ **Auto-expiry**
Offers neatly mark themselves "Expired" once the date passes — no stale deals on show.
- ✓ **Photos & videos welcome**
Showcase pieces in motion with short videos, not just static images.

- ✓ **WhatsApp broadcasts**
Send approved WhatsApp templates to your customers — Diwali wishes, new arrivals, exclusive previews.
- ✓ **Target by tier**
Send to everyone, or just VVIP / VIP — the right message reaches the right customer.
- ✓ **Delivery history**
See who received each campaign so you always know your broadcast reached home.

Teach AI *Your Style*

09

Upload one of your real WhatsApp chats and the AI learns to reply the way you do — your tone, your words — so customers feel they're talking to you.

SCREENSHOT · 2 CAPTURES · LANDSCAPE

Teach AI Your Style & Ask Swarnix

Place: (1) the chat-upload screen with style profile, (2) the in-app "Ask Swarnix" helper bubble

◆ TEACH AI YOUR STYLE

- ✓ **Upload a real WhatsApp chat**
Export a chat and drop in the file — the AI studies how you naturally talk to customers.
- ✓ **Replies in your voice**
Your AI agent sounds like your store, not a generic robot — warm, familiar, on-brand.
- ✓ **Gets better over time**
Add more chats whenever you like to keep refining the style.

◆ ASK SWARNIX — YOUR BUILT-IN HELPER

- ✓ **Stuck on something? Just ask**
A friendly in-app assistant answers "how do I..." questions about any screen, in plain language.
- ✓ **Always one tap away**
No manuals, no waiting — guidance whenever you or your staff need it.

Run It With *Your People*

10

Add staff with the right access, keep your storefront reviews polished, and let the AI answer common questions for you.

SCREENSHOT · 3 CAPTURES**Team · Review Moderation · FAQ**

Place three captures: (1) Team list with roles, (2) Review moderation queue, (3) FAQ editor

◆ TEAM

- ✓ **Add staff & family**
Each with their own login.
- ✓ **Control access**
Admin, Read & Write, or View-only.
- ✓ **Pause anytime**
Deactivate access in one tap.

◆ REVIEWS

- ✓ **You decide**
Nothing goes public until you approve.
- ✓ **Approve / reject**
One tap each, or do them in bulk.
- ✓ **Protect your name**
Only your best reviews show.

◆ FAQ

- ✓ **10 ready samples**
Edit them to match your store.
- ✓ **AI answers them**
Customers get instant replies.
- ✓ **Your policies**
Buyback, hallmark, timings & more.

Your Plan & *WhatsApp Connection*
